Subject/Agenda Action Item: Structural Collapse course name change

Recommended Actions:

Recommend approval of suggested name change.

Background Information:

STEAC approved the FSTEP course "Rescue Systems Structural Collapse Technician." The name of the current program conflicts with another FEMA training program. The Rescue Systems Structural Collapse Workgroup will bring suggested name changes for consideration.

Analysis/Summary of Issue:

The name change affects how the course is listed in the SFT database. It is important to get the official name in the system before too many of the classes have been delivered. The name change will allow SFT to then submit the course to the Department of Homeland Security for approval.
