1131 S. Street,
Sacramento, California 95811**

From: Rodney Slaughter, State Fire Training

Subject/Agenda Action Item: NFA Endorsed Classes

Recommended Actions: Information Only - No Action Required

Background Information: NFA ask that every state submit fire/rescue related courses to the National Fire Academy to review and approve as NFA Endorsed State courses. This designation allows states to use Federal funding to deliver the NFA approved class. The approved endorsed courses are reproduced and redistributed to other states for their use. State Fire Training submitted the attached list of courses to be reviewed and approved as California's courses.

Analysis/Summary of Issue: As State Fire Training continues to move toward a more efficient development/delivery model the attached list of courses includes courses in the older format; containing lesson plans, student manuals, and Powerpoint, to the newly developed Course Plans. In that the publishers are now providing the recommended student manuals, lesson plans, Powerpoint slide shows, test questions, and on-line learning management systems it is uncertain how these new SFT Course Plans will be evaluated or how they will fare in the approval process.

National Fire Academy Endorsed Class Submittal

1. Alternative Fuel Training -Student Manual, Powerpoint, Activity Sheets, Electric Vehicle and Natural Gas Vehicle videos
