Date: January 17, 2014

Attachment 11

To: Ronny J. Coleman, Chairman
Statewide Training and Education Advisory Committee
c/o State Fire Training

From: Rodney Slaughter, Deputy State Fire Marshal, Specialist III

Subject/Agenda Action Item: Hybrid-Internet Course Evaluation

Recommended Actions: Discussion/Information

Background Information:

At the October 18, 2013, STEAC meeting, members formed a subcommittee to review the new curriculum for on-line delivery. Members for the Sub-committee included David Senior as Chair, Bret Davidson, Mary Jennings, and Ron Myers.

Analysis/Summary of Issue:

The potential hybrid courses to be evaluated are being released at the January STEAC meeting. The STEAC Hybrid subcommittee will now have material to evaluate and will report back at the following STEAC meeting.

Since the last STEAC meeting State Fire Training has been approached by the Regional Training Group (RTG) of the Los Angeles Area Fire Chiefs Association (LAAFCA). They are sending a proposal to Chief Richwine requesting an "Alternate Delivery" of the Training Instructors courses. Their proposal is not only for hybrid delivery but for mass delivery using a network of closed circuit televisions and on-site instructors in 30 locations around Los Angeles County. The proposal will include a provision allowing for State Fire Training Staff and STEAC members to participate in the evaluation of this experimental model.
