Subject/Agenda Action Item: Fire Fighter I Certification Examination Implementation Update

Recommended Actions: Information/Discussion

Background Information:

At the January 22, 2016 meeting staff updated STEAC on the successful peer review site team visits by both IFSAC and Pro Board. Subsequently, the Pro Board conferred accreditation for our Fire Fighter I program at their annual conference on January 15, 2016 and IFSAC conferred accreditation at their annual conference on April 30, 2016. After the successful peer review site visits mentioned above, staff began implementing the certification examination process on a statewide basis. The purpose of this report is to provide STEAC with a status report on this implementation.

Analysis/Summary of Issue:

On December 10, 2015 staff transmitted a letter to all ARTPs and ALAs updating them on our pending accreditation from IFSAC and Pro Board. Further, the letter asked them to complete an on-line questionnaire designed to help us understand each agency's need for training on the certification examination process. In January we reviewed this information and began scheduling Certification Examination Evaluator Training and Ethical Leadership in the Classroom Training. Concurrently, our beta test curriculum for Certification Examination Evaluator Training was updated and finalized. An instructional cadre was established consisting of the following Fire Service Training Specialists: Joe Bunn, Jim Eastman, Nick Pavone, Mark Romer and Ken Wagner.

The first training sessions were conducted on February 23-25, 2016 for Mt. San Antonio College and Santa Ana College. The Table #1 below lists the training sessions that have been conducted to date and those that have been scheduled:

November 8-10, 2016	LA County FD		
TOTAL		803	192

As a result of this training, SFT has registered approximately 85 lead evaluators and 135 skills evaluators.

To date, the following ARTPs/ALAs have conducted the new Fire Fighter I certification examination process for their candidates:

- Sacramento Metro FD
- South Bay Fire Regional Public Safety Training Center (SBFRPSTC)
- El Camino College
- Santa Ana College
- Victor Valley College
- Sierra College
- Mt. San Antonio College
- Santa Rosa Jr. College
- Palomar College
- South Bay (SBFRPSTC) on behalf of Palo Alto
- Solano College (Written Only)

Staff anticipates that this major effort to conduct the Certification Examination Evaluator Training courses will be concluded prior to the end of this calendar year. In the future, classes will be scheduled to accommodate newly accredited ARTPs and ALAs and the need for additional evaluators due to attrition.
