PROCEDURES FOR CALIFORNIA FIRE DEPARTMENTS REQUESTING ISSUANCE OF FIRE DEPARTMENT IDENTIFICATION NUMBERS

Fire Department Identification (FDID) Numbers are issued to fire departments by the California Department of Forestry and Fire Protection (*CAL FIRE*), Office of the State Fire Marshal (OSFM).

FDID numbers are required for submitting National Fire Incident Reporting System (NFIRS) 5.0 compliant statistical data to the SFM for validation into the State's California All Incident Reporting System (CAIRS) database and further processed into the National NFIRS database by SFM. More information regarding NFIRS is available at www.nfirs.fema.gov.

FDID numbers are the same five-digit number used for reporting data under the previous California Fire Incident Reporting System (CFIRS), which was discontinued on January 1, 2003?
