PUBLIC HEARING

The State Fire Marshal has not scheduled a public hearing on this proposed action. However, The State Fire Marshal will hold a public hearing if a written request is received from any interested party or their authorized representative no later than 15 days before the end of the 45-day comment period.

AUTHORITY & REFERENCE

The State Fire Marshal is proposing this regulatory action pursuant to Health and Safety Code Section: 13263 with reference to 13263, Health and Safety Code.

INFORMATIVE DIGEST - POLICY STATEMENT OVERVIEW

The State Fire Marshal proposing to amend California Code of Regulations (CCR), Title 19, Sections 200, 201, 204, and 208 to add carbon monoxide devices to the State Fire Marshal's Building Materials Listing Program.

With the passage of SB 183 (Filed May 7, 2010, SB 183, Chapter 19), Sections 13260 – 13263 (Carbon Monoxide Poisoning Prevention Act of 2010) were added to Health and Safety Code. These sections define carbon monoxide devices, require the State Fire Marshal to develop a process to approve and list carbon monoxide devices, and mandates that "A person shall not market,

distribute, offer for sale, or sell any carbon monoxide device in this state unless the device and the instructions have been approved and listed by the State Fire Marshal."

Proposed Title 19 Modified Sections

Section 200 is being proposed to be amended to include reference to carbon monoxide devices.

Section 201 is being proposed to be amended to include reference to carbon monoxide devices.

Section 204 is being proposed to be amended to add a definition for carbon monoxide devices covered by these regulations and to renumber the existing definitions and referenced sections to accommodate this addition.

Section 208 is being proposed to be amended to add special provisions for carbon monoxide devices and to renumber the existing special provisions and referenced sections to accommodate this addition.

DISCLOSURES REGARDING THE PROPOSED ACTION

The State Fire Marshal has made the following determinations:

1. Mandate on local agencies and school districts: **None**
2. Cost or savings to any other State agency: **None**
3. Cost to any local agency or school district which must be reimbursed in accordance with Government Code, Sections 17500-17630: **None**
4. Other non-discretionary cost or savings imposed upon local agencies: **None**
5. Cost or savings in federal funding to the State: **None**
6. Significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other States: **None**
7. Cost impact on representative private persons or directly affected businesses: The State Fire Marshal is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Adoption of these regulations will not:

- a) create or eliminate jobs within California;
 - b) create new businesses or eliminate existing businesses within California;
 - or
 - c) affect the expansion of businesses currently doing business within California.
8. Significant effect on housing costs: **None**

SMALL BUSINESS EFFECTS

The State Fire Marshal has made the initial determination that the amendments to these regulations will have no substantial effect to small businesses and the State Fire Marshal has not identified any alternatives that would lessen any adverse impact, if any, on small businesses. There is no effect on small business because presently there are no small businesses who manufacture carbon monoxide devices and if there were, a listing fee of \$320.00 would not be a substantial impact to the small business.

CONSIDERATION OF ALTERNATIVES

The State Fire Marshal must determine that no reasonable alternative considered or that has otherwise been identified and brought to its attention would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons or businesses than the proposed action.

The State Fire Marshal invites interested persons to present statements or arguments with respect to alternatives to the proposed regulations during the written comment period.
