PUBLIC HEARING

The State Fire Marshal has not scheduled a public hearing on this proposed action, however, a public hearing will be held if a written request is received from any interested party or their authorized representative no later than 15 days before the end of the 45-day comment period.

AUTHORITY & REFERENCE

The State Fire Marshal is proposing this regulatory action pursuant to Health and Safety Code Section: 13143 and 17921 with reference to 13143 and 17921 Health and Safety Code.

INFORMATIVE DIGEST - POLICY STATEMENT OVERVIEW

The State Fire Marshal proposes to amend various sections of California Code of Regulations (CCR), Title 19, Division 1, Sections 1.05 – 2060 as follows: Chapter 1, General Fire and Panic Safety Standards; Chapter 1.5, Construction Materials and Equipment Listings; Chapter 2, Tents Awnings and Other Fabric Enclosures; Chapter 3, Fire Extinguishers; Chapter 4, Fire Alarm Systems and Devices; Chapter 5, Automatic Fire Extinguishing Systems; Chapter 8, Flame-Retardant Chemicals, Fabrics and Application Concerns; and Chapter 14, Hazardous Liquid Pipeline Safety. Amendments consist of editorial corrections,

clean-up, updating of occupancy groups, references and standards and revisions to test standards for large and small waste containers.

Current Law requires the State Fire Marshal adopt regulations for the purpose of establishing minimum standards for the prevention of fire and for the protection of life and property against fire, explosion and panic.

The currently adopted State Fire Marshal regulations contain requirements which are referenced within other parts of adopted Building Standards Codes, California Code of Regulations, Title 24. By amending the outdated references, terms, occupancy groups and standards in Title 19, the State Fire Marshal will eliminate the confusion caused by having inconsistent information appear in various sections and parts of the code.

The SFM established a workgroup through the California Fire Chiefs, Fire Prevention Officers consisting of local fire, industry and regulatory personnel, to review the proposed regulations and make recommendations regarding revising these regulations.

Proposed Title 19 Modified Sections

Title 19, Sections 1.05 – 2060 are being proposed to be amended to update references to various adopted standards, referenced codes and terms, and occupancy groups and cite those adopted codes and standards as identified in California Code of Regulations, Title 24. In addition, the SFM is proposing revisions to address current test standards for large and small waste containers and exceptions to the test standards. Reference is made to nationally adopted standards contained in CCR, Title 24, Part 9, California Fire Code to keep references current, uniform and consistent for industry and local fire officials.

DISCLOSURES REGARDING THE PROPOSED ACTION

The State Fire Marshal has made the following determinations:

1. Mandate on local agencies and school districts: **None**
2. Cost or savings to any other State agency: **None**
3. Cost to any local agency or school district which must be reimbursed in accordance with Government Code, Sections 17500-17630: **None**
4. Other non-discretionary cost or savings imposed upon local agencies: **None**
5. Cost or savings in federal funding to the State: **None**
6. Significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other States: **None**
7. Cost impact on private persons or directly affected businesses: The State Fire Marshal is not aware of any cost impacts that a representative private

person or business would necessarily incur in reasonable compliance with the proposed action.

Adoption of these regulations will not:

- a) create or eliminate jobs within California;
- b) create new businesses or eliminate existing businesses within California;
or
- c) affect the expansion of businesses currently doing business within California.

8. Significant effect on housing costs: **None**

SMALL BUSINESS EFFECTS

The State Fire Marshal has made the initial determination that the amendments to these regulations will have no substantial effect to small businesses and the State Fire Marshal has not identified any alternatives that would lessen any adverse impact, if any, on small businesses. There is no effect on small business because small businesses are not involved in development of test standards or testing products.

CONSIDERATION OF ALTERNATIVES

In accordance with Government Code Section 11346.5 subdivision (a)(13), the State Fire Marshal must determine that no reasonable alternative considered by it or that has otherwise been identified and brought to the attention of the Agency would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons or businesses than the proposed action.

The State Fire Marshal invites interested persons to present statements or arguments with respect to alternatives to the proposed regulations during the written comment period.
