CFC 8605A.3 Establishment of Limits. The establishment of limits for the Wildland-Urban Interface Fire Area's required construction methods shall be designated to the California Public Resources Code for State Responsibility areas or by a local agency following a finding supported by substantial evidence in the record that requirements of this Section are necessary for effective fire protection within the area.

Is the finding supporting by substantial evidence in the record referring to the finding of fact submitted by local jurisdictions to justify local amendments?"

Yes.
