### Chief Fire Officer and Company Officer Curriculum Update

State Fire Training recently updated the **Chief Fire Officer** and **Company Officer Curriculum** to reflect the changes in the 2016 edition of NFPA 1051 *Standard for Wildland Fire Fighter Professional Qualifications*.

The changes between the 2012 and 2016 editions of NFPA 1051 were evaluated to determine if the Chief Fire Officer and Company Officer curriculum needed to be revised based on changes to the professional qualifications. After review, there were only editorial changes to the Chief Fire Officer and Company Officer professional qualifications. SFT updated all referenced documents (CIRM, Course Plan, Task Book, CTS Guide) to reflect the editorial changes. SFT staff did not find any changes that would increase the course time or cost.

To view the updated documents, please visit the SFT Professional Certification webpage at: <http://osfm.fire.ca.gov/training/certification>
