POTENTIAL AGENCY IMPACTS

Fire agencies utilizing the existing Command and Control of the RIC Deployment (2011) Curriculum as a requirement for their recruitment/promotion activities need to review the new Incident Management of the Fire Fighter Emergency (2016) Curriculum to ensure all agency training needs are being met. After review, fire agencies should update their job specifications and recruitment documentation to reflect this new course. Fire agencies should also evaluate how this new course may impact their existing labor agreements.

Accredited Regional Training Programs (ARTP), Accredited Local Academies (ALA), community colleges and all other local delivery venues need to review the curriculum and seek approval from their curriculum committee/program sponsor, as appropriate. ARTPs should review the new Incident Management of the Fire Fighter Emergency (2016) curriculum and discuss potential impacts with their advisory committees.
