Structures Threatened: 31,175  Structures Destroyed: 79  Structures Damaged: 14

CURRENT SITUATION

Situation Summary: Evacuation orders have been expanded, and residents are reminded to maintain good situational awareness and heed the direction of officials. High winds and low humidity continue to create critical fire weather conditions. The North side of the fire is burning in remote, steep terrain while Southern portions of the fire have begun to impact the Southern Alexander Valley. Firefighters will continue to mitigate structure threats and find opportunities construct control lines.
