### Time Table Key

1. The Time Table documents the amount of time required to deliver the content included in the course plan.

2. Time is documented using the quarter system: 15 min. = .25 / 30 min. = .50 / 45 min. = .75 / 60 min. = 1.0.

3. The Course Totals do not reflect time for lunch (1 hour) or breaks (10 minutes per each 50 minutes of instruction or assessment). It is the instructor’s responsibility to add this time based on the course delivery schedule.

4. Application (activities, skills exercises, and formative testing) time will vary depending on the number of students enrolled and the acquired structure selected for training. The Application time documented is based on the maximum class size identified in the Course Details section.

5. Summative Assessments are determined and scheduled by the authority having jurisdiction. These are not the written or psychomotor State Fire Training certification exams. These are in-class assessments to evaluate student progress and calculate course grades.
Objectives

Course Objectives
1. Information on assessing incident assignments and determining immediate needs and actions.
2. Information to prepare for strategy meetings and planning meetings to develop the Incident Action Plan.
3. Information to assist in the development, approval, and implementation of the Demobilization Plan.
4. The opportunity to participate in an Operational Period Briefing.
5. Information to manage and adjust the operations organization.
6. An understanding of why and when tactics may need to be adjusted.
7. Information on the role of the OSC in risk assessment and safety management.
8. The opportunity to demonstrate how to successfully coordinate internal and external relations.
