El Dorado County

State Responsibility Area
Fire Hazard Severity Zones

November 21, 2022

Public Resources Code 4201-4204 directs the California Department of Forestry and Fire Protection (CAL FIRE) to map fire hazard within State Responsibility Areas (SRA) based on fuel loading, slope, fire weather, and other relevant factors present, including areas where winds have been identified by the department as a major cause of wildfire spread. These zones, referred to as Fire Hazard Severity Zones (FHSZ), classify a wildland zone as Moderate, High, or Very High fire hazard based on the average hazard across the area included in the zone.

Fire Hazard Severity Zones in State Responsibility Area (SRA)
- Very High: 419,622 Acres
- High: 109,323 Acres
- Moderate: 19,587 Acres

Fire Protection Responsibility Areas (non-SRA)
- Federal Responsibility Area (FRA)
- Local Responsibility Area (LRA)
